Quincy High
Class of 2015

The first thing anyone sees when they walk into Quincy High School are the 84 flags that fill the lobby of the school. These 84 flags represent all the nationalities of the students, faculty and staff who occupy the school each and every day. Quincy High School fully embraces this diversity in more ways than one, from our annual cultural fair, celebrating every single different culture that is present inside the Quincy High community with food, music, dancing as well as many other aspects to simply interacting with everyone, no matter their race, country of origin or first language, with kindness and acceptance. The class of 2015 came into Quincy High School from more than five middle schools and was made up of a countless number of groups, separate and divided, and after four years we have unified diversity.

To the Class of 2015,

Your class has exemplified the spirit and pride that makes Quincy High School a special place. You have embraced all of the opportunities afforded to you and it has been my personal pleasure to observe and celebrate in your successes. You are now in select company as being alumni of QHS and it is my hope that the standard of excellence that you have set continues for classes to come. I thank you for the privilege of being your principal and am honored to have been part of your education. I wish you all of the best in your future endeavors.

>> MIDDLE SCHOOL THROWBACK

Small group of Quincy Point kids pose outside of Point Webster Middle School at recess. We miss recess!

>> SPIRIT WEEK

During Spirit Week in 2012, we were assigned the color purple! These four lovely ladies take a stunning snapshot while sporting their Sophomore spirit.

THROWBACKS

REWIND THE CLOCK BACK TO SIMPLER TIMES

Looking back throughout the years we have all had some good times and some bad times. The pictures that we pose for, whether we know we are in it or not, define our past and give us something to look back at in the future. We have never regretted anything that happened in the past because it helped shape who we are as people today. As Eleanor Roosevelt once said, "The purpose of life is to live it, to taste experience to the utmost, to reach out eagerly and without fear for newer and richer experiences." We all learned and experienced a lot through the years and will contiune to in the future.

>> QARI

>> TRAVEL BACK IN TIME WITH THESE RAVISHING THROWBACKS

Good friends, **Joey Yacano** and **Scott Bausemer** "mix it up" on Mix and Match day.

Jake Bergonzi and Jolanda from Camp Wing, embrace in a sensual slow dance in the Mess Hall.

"Middle School was a rough time, full of ups and downs. Now that it's over I regret almost every awkward choice I made."
-Cedric Jermain

>> REFLECTING ON OLD TIMES

>> MIDDLE SCHOOL THROWBACKS

Devon Pierce and **Sean Brennick** "Prom-Posing" for this cute middle school picture.

Picture 3: Men and Women posing with their array of dress colors
Picture 4: **Garret** and **Julia**

May 16th, 2014 was an overcast and dreary day. This was when our class' Junior Prom occured at the Tirell Room. There was much debate over what the theme would be, but in the end Prom Committee decided it would be best to have no theme. For many of us this was our first Prom where we boogied and got our groove on all night. The best songs that were played were, "Turn Down For What" by Lil Jon, "Let it Go" by Idina Menzel, "Fancy" by Iggy Azelea, and "You and Me" by Lifehouse. Scott Bausemer said about the prom, "I really found myself on the dance floor." Ryan Higgins could be heard bellowing "Yaaaaaah Dude!"

Bottom Squares
Pictures from Left to Right:
Picture 1: Table 18 takes a marvelous group pic.
Picture 2: **Angelina Avitable** and **Kylie Juessame** embrace in a heart warming hug.

Top Squares
Pictures Left to Right:
Picture 1: **Terrol Stark** and **Kim Driscoll** share a romantic dance.
Picture 2: This group of ravishing young students pose outdoors in Houghs Neck.

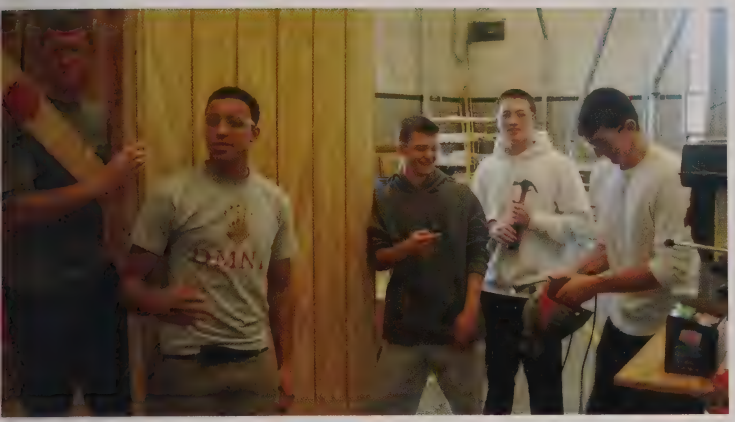
Automotive, Broadcasting, and Business Technology

In Automotive, students at Quincy High get hands on experience as they fix actual cars while using the most state-of-the-art technology. Under the supervision of Mr. Campbell and Mr. Holbrook, the students learn everything from changing tires to rebuilding engines. Students become OSHA certified. In Junior year students can becom certified to work on brakes. In Senior Year, you can get your Automotive Technology Program Certificate, Student ASE (Automo tive Service Excellence), and Motor Oil Bas Training Certificate.

Whether they will be on camera or behind the camera, the students in Broadcasting really have the potential to go far in their industry. They get hands-on training with all the equipment they will have to use later in life if they choose to pursue a career in broadcasting. They're in charge of the morning announcements, running the school channel, and many other little skits or side shows they wish to do. Mr. Green does a great job getting his students prepared for their futures in Broadcasting

The Business Technology Majors at Quincy High School study a wide array of business concepts. Students enrolled in Business Technology 1 explore the day-to-day operations of a business including customer service, telecommunications and finance, as well as legal, ethical and community issues. In Business Technology 2 students are exposed to marketing, management, and accounting. During the final year of Business Technology, students apply their knowledge from previous coursework to develop a business plan, as well as gain a more in depth experience in management and entrepreneurship by completing internships throughout the Quincy business community.

Carpentry, Culinary Arts, and Early Education/Care



This class consists of building cabinets, coffee tables, sheds, entertainment centers, end tables, and more. Architectural woodworking, blending traditional woodworking with sophisticated computer skills, is a valuable skill students also learn. Safety is emphasized. Students work on framing, carving, joinery, architectural woodworking, and finish carpentry. Selected students can also enroll in cooperative education programs given the amazing opportunities available at Quincy High!

he goal of our Culinary Arts program is to evelop transferable workplace skills as well s specific practical skills. Students can enter ne work force and/or continue their educaon as life long learners. Students are trained n cooking, baking, restaurant service, and nanagement in a full-service on-site restauant, exposing them to real world hospitality tuations. Projects assigned include menu delopment, job scheduling, catering, function nanagement, inventory, teamwork building, nd cash management. The Culinary Arts rogram combines hands-on learning with lassroom based skills training. Our students ave the experience they need to give them ne edge for admittance to culinary programs r getting a great start on a career.

One of the few health service professions offered here at QHS, the Early Childhood concentration – is a class in which students prepare themselves to work in places like preschools, nurseries, or as professional nannies. Popular amongst the ladies, the members of ECE carry around the infamous "dummy" babies and learn how to deal with them day and night, inside and out. They then internship at different schools and places throughout Quincy, and often reunite with their old teachers in hopes of following in their footsteps. Ms. Ells runs the major with the hope that the toddlers of tomorrow will be in good hands, and that they are with our QHS grads.

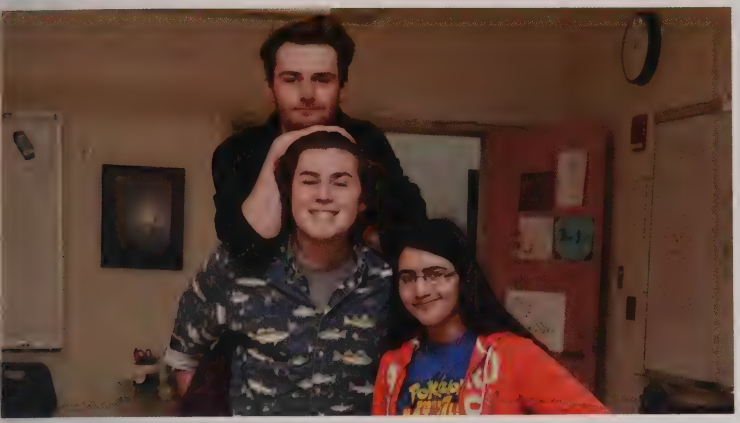
Electrical, Engineering, and Fashion

Electricity is something many people take for granted. They don't appreciate the complex wiring that's behind the walls that electricians work with. The students learn everything from making a light bulb light up to the more complex contraptions that people get nervous just looking at. Seniors can get certified by local IBEW 2222, Electrical Technology Program Certificate, and hours toward professional license.

Engineering is one of the fastest growing occupations in the world. Mr. Tully tries to give his students a head start in creating blueprints, drawing CADs, and learning the long process of starting an idea from scratch and passionately working on it until ready for construction. In addition to engineering classes throughout the main three years of high school like Civil Engineering, students can participate in Project Lead the Way, which is an offshoot of the curriculum. QHS is definitely going to be the next MIT.

Fashion Designers create clothing, footwear, and accessories. They predict trends, research color and fabrics, sketch designs, work with manufacturers, and oversee final productions. In larger design houses, designers may perform specialized tasks such as fitting or pattern cutting. Designers also create costumes for films and theatre. Designers can work as buyers and managers.

Graphic Design, Healthcare, Information Technology



In Graphic Design students explore the exciting world of electronic media. Students use images, type, color and layout to create ads, web sites, logos, posters, brochures and even the school's yearbook on our MACS. Students get to work on real-world projects for the school and local community. Video, photography and animation are other avenues for students to explore their imagination. Students leave Graphic Design with an electronic web site portfolio which boasts the abundance of their creative and technological nature.

The Health and Human Services class works all year to learn the basics of nursing. They visit placement at Hancock Park and Quincy Medical and learn the proper way to work and care for patients. They learn the simple business basics of working in healthcare. At the end of of the course the students take an exam to beome a Certified Nursing Assistant and they are also certified in CPR. With these certifications they are able to work in any nursing home they want.

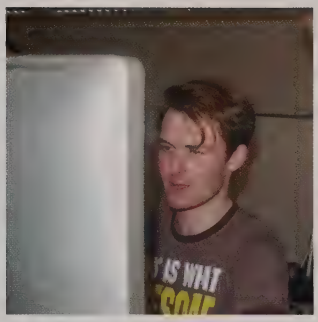
The goal of Information Technology career preparation is to give students the hands-on experience and training necessary to become certified, successful information technology professionals. Information Technology 1 students study computer hardware and software, learning to diagnose, upgrade and repair PCs. Students are prepared to pass the CompTIA A+ certification exam. Information Technology 2 students expand their hardware skills and learn computer networking. Students are prepared to pass the CompTIA Network+ certification exam. Information Technology 3 students focus on computer programming and computing beyond the desktop. Resumes and portfolios are created. Many students receive internship opportunities for on-the-job experience.

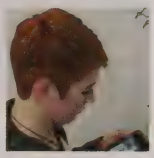
Welding Tech, Plumbing Tech, Protective Services

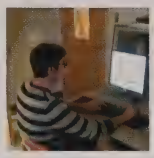
Welding is an art, and a technology. Metal can bend, shape, and mold into any creation your heart desires. Welding is offered as a major at Quincy High to the students that find the process of "playing with metal" fun and worth pursuing a career in.

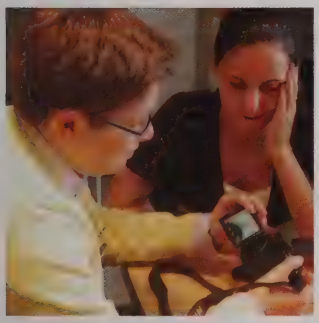
Plumbing technology provides students with knowledge and skills necessary to become plumbing apprentices. Students learn plumbing theory in the classroom and hands-on experience in the lab. Students gain proficiency in construction, safety, measuring, cutting, joining methods of various materials, and regulations governing plumbing and gas fitting design and installations.

Ever wonder how they determine crime rates in a city, who determines how many suicides there were last year, or what it would be like to be a police officer? Kids in Protective Services learn all these things every day. Students learn about the law and the correct way to enforce it, and with this knowledge can become anything from police officers to EMTs, to lawyers. Seniors can become certified 911 dispatchers, become certified in three types of CPR, FEMA, and can be a student at the Student Trooper Academy at the QPD.

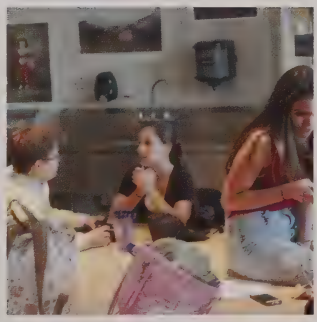


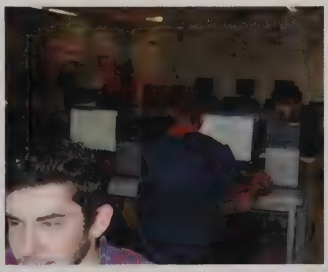




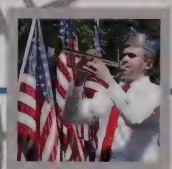


Of the many things that make Quincy High different from most high schools is the fact that we are home to many technical vocational programs. Mrs. McInnis, the department head to the programs, works very hard with the teachers to create curriculums for the classroom and also find places in which students can intern throughout their junior and senior year. Since the Center for Technical Education Building came down a few years ago, the majors have moved into new, immaculate facilitie that enhances their demand and draw more attention to the skills that are worked to perfection here at QHS.





BAND



Football Games

The QHS band (combined with the NQHS band) plays at home football games, and neither rain nor snow will stop them. They perform a wide variety of songs, from retro cartoon themes to pieces that get the crowd going; such as "Aftershock", "Hawaii Five-O", and the band's favorite, "Hey Baby."

FALL

Crew

The crew team, founded in 2010, has grown immensely since its beginnings. It has received city recognition for its dedication and achievements. Just keep rowing!

"Pain is Weakness Leaving the Body"

The five seniors in the picture above, **Kelly Chow, Nicole Welliver, Emily Van Tassell, Isabella Cobble,** and **Stiven Kodra** reminisce about their past few years, watching the team grow and helping other team members learn how to row.

"When we first started crew, the team was small and hardly had any equiment to work with. Now, we have three boats and a boathouse that will be ready to use for the 2016 season. We're sad that we won't get to use it, but excited that crew will continue on for the years to come." -**Nicole W., Isabella C.**

The girl's boat rows gracefully, practicing for their upcoming regatta and enjoying the rare warm day at Bay Point Marina.

"There's nothing more beautiful than rowing under a rainbow," says Senior **Kelly Chow.**

The crew team has attended many successful regattas against surrounding towns such as Milton, Hingham, and Braintree.

Golf

"Golf is deceptively simple and endlessly complicated."
- Arnold Palmer

"Quincy High School Golf Team On Par"

Steve Ross smirks, casually posing for the photographer, ready for the day's match.

Senior **Christopher Doyle** squints into the sun and takes a swing on a beautiful day, surrounded by the luscious scenery of the trees at the Furnace Brook Golf Club in Quincy.

ne golf team only had one victory roughout the 2014 season, which as the game against Abington, th a score of 30-24. However, ey learned that winning isn't erything; it's all about having a od time and bonding with your ammates.

In the picture above, the five seniors, **Christopher Doyle, Ben Brownlow, Captain Stephen DeIorio, Joseph McMahon**, and **Steve Ross,** pose with their head coach, **Lou Venturelli.** They had a great last season, and will miss playing for Quincy High School.

The team gets together for a group picture at the end of the season, happy with the results of the past couple months of hard work and dedication.

GIRLS VOLLEYBALL

The girls volleyball team had a spectacular season with sixteen wins and four loses.

"Start strong, finish strong"

Before the first game of the season against Brockton, the team piled up for a selfie. They won the first game of the season.

Emma Kimmell and **Angela McDonald** are ready to pass the next ball to score a point in a game against Whitman-Hanson.

GIRLS SOCCER

"I've never seen a group of players with as much determination and desire to win as these girls. I could not be more proud of the effort they put in this season and the fact that they were never discouraged, despite playing day in and day out among a very high level of competition."

-Coach Seth Harmon

Varsity seniors attempt to spell the word "Seniors" and it is close enough for us even though **Haley White**'s letter "i" is more of a "?" then a letter.

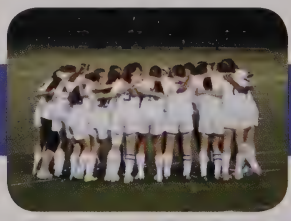
Top Row: **Emi Guarente, Taylor Routhier, Alley MacPherson, Brianne Dane, Joelle Robinson, Emily Butruccio, Nina McDonald, Ariana Paulo, Kari Wismar, Lauren Saccoach, Gabby Jerahian, Maeve Hernon, Liana Cunningham, Coach Seth Harmon**

Bottom Row: **Haley White, Anastacia Silveira, Emma Papile, Lauren Matthies, Colleen Madden, Emily Hatfield, Kerry Phelan, Bella Falco**

The proud captains pose for a picture, showing their determination to lead their team to victory. "Rip their heads off" said senior captain **Emma**.

"These girls, especially the seniors, showed what playing for Quincy High School Presidents is all about. They didnt just outplay and outclass their opponents, they were scrappy and relentless on every part of the game. Most importantly, they played with pride and proved that this program is on a rise."

-Coach Charles Dybaud



On October 25th, Quincy High School boys and girls soccer attended a Revolution game at Gillette Stadium. Eleven of the senior girls gather for a picture on the field before participating in the "Cross-Bar Challenge".

From left to right: **Emma, Kerry, Anastacia, Lauren, Colleen, Bella, Kelly, Meghan, Mary Kate, Emily, and Haley.**

"It's been great watching the seniors grow through all four years of their high school soccer. Good luck in the future, work hard!"
-Coach Bre Therrien

These five seniors, the "Fabulous Five," strike a silly pose for the camera after a hard practice. **Rafheda** is her sassy self like always.

The Junior Varsity captains pose with their coach. She has always inspired them to try hard and suceed. This attidude helped lead the girls to a win against North Quincy later that day.

Top Row: **Grace Stone, Maeve Hernon, Mary Kate Lynch, Taylor Darcy, Marina Chafa, Gretah Diorio, Yasminah Zaharian, Katelyn McDevitt, Julie Devico, McKenna Kiley, Mikhayla Foley, Cecelia Gonzales, Rafheda Passley, Coach Bre Therrien**

The lads gets together for a pregame speech from Captain Ciaran McDevitt before their victory over North Quincy.

On October 25th, the boys soccer team traveled to Gillette Stadium in Foxboro for the men's Revolution soccer game against Toronto. After the game, the senior boys went onto the field and took place in the "Cross Bar Challenge."

Seniors **Amhed Basabrain, Javk Ly** and **Mohamid Almaleh** have shown excellent dedication to the soccer team throughout their four years at Quincy High School.

Top Row: **Assistant Coach Jp Moriarty, Bernardo Teixeira, Javk Ly, Curtis Ajavon, Evan Tabbi, Chris Sorenson, Mohamid Almaleh, Mason Francoeur, and Head Coach Kenneth Decie**
Bottom Row: **Curran Archer, Gredi Zyba, Ryan Foy , Ahmed Basabrbrain, Melvin Gonzales, BK Weord**

Captains **Bernardo Texeira** and **Mason Francoeur** have shown great skill and leadership throughout the entire season. "You miss 100% of the shots you don't take" says Bernardo.

BOYS AND GIRLS CROSS COUNTRY

Cross country is a demanding sport, both physically and mentally. At meets, team members are always encouraging each other to do well, run hard, and have fun.

"Champions are made in practice."

Geoff Hennessey is the coach of the Q/NQ cross country team. A busy man involved in many running activities, he still finds time to come to practice every day and coach the team.

He's dedicated to his work and loves what he does. Geoff pushes the runners hard but he always wants them to do well and show improvement, which is what matters most.

The team gets in shape pretty quickly running six days a week, with Sunday being the only day off. The team is small but everyone is supportive. They're always motivating each other by clapping and cheering at meets. The sport teaches individuals to be responsible as student athletes.

Fall Show

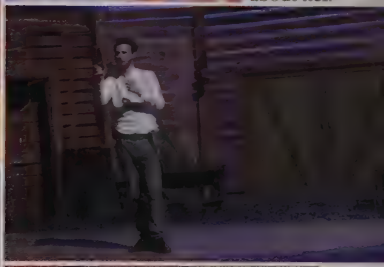
Quincy High drama club presents Shakespeare's Mac..... No, wait the Scottish Play

To the right: **Liam Mahoney** stirs up trouble on stage with **Zach Latini**

Liam Mahoney used one of his trademark accents to deliver every line with power. He is waiting for his Tony award to come in the mail any day now.

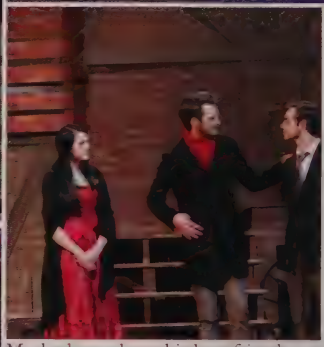
Senior Cast and Crew
Macbeth-Liam Mahoney
Lady Macbeth- Erin McMillen
Macduff- Zach Latini
Malcom- Scott Bausemer
Donaldbain- Billy Escobar

Liam Mahoney is a murdering menace with **Erin McMillen** by his side comforting him. Erin is a meathod actor and got deep into charater we are very worried about her.



Fun fact, it is unlucky in theater to say the name of the Play Macbeth while acting in it because the play is said to be cursed.

Above: The dreaded whitches toil over a cauldron casting a curse peering into the future to see how things will go for Macbeth.



Macbeth speaks to his best friend and confidant, Banquo, as Lady Macbeth looks on plotting her husbands rise to nobility.

Senior **Scotty B** could be heard saying "you're mad" to cast members if he forgot a line during rehersals but he pulled it together and put on a great performance

Homecoming

The best night of your life.

Linda Ibrahim and **Nicole Lee** bust out some moves on the dance floor.

To the left: A bunch of great looking ladies and gents enjoying their last homecoming..

This was senior **Mark Hajjar's** first homecoming t Quincy. He was wicked surprised by his nomination for king. Sup Hajj.

The students take a break from dancing and wait impatiently to find out who their new king and queeen will be.

Queen **Kim Andrews** and King **Bobby Salvucci** receive their crowns.

To the right: The homecoming court eagerly awaits to find out who the Homecoming King and Queen will be. The court included **Armani Cardoso, Kim Andrews, Mark Hajjar, Marina Chafa, James Lam, Lydia Culp, Ciaran McDevitt, Emma Kelly, Bobby Salvucci and Sam McMahon.**

Spirit Week

Character Day

Simon, Alvin, and Theodore! Carl Fredricksen, Russell, and Kevin the Bird from Up! Cat Dog! Lilo and Stitch! Minions, Winnie the Pooh, Tigger, Eeyore, and Piglet! Teletubbies! Anime characters! Princesses! These were just some of the characters represented on Character Day.

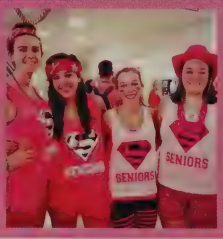
America Day

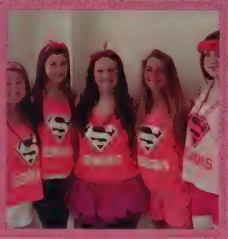
USA! USA! USA! USA! USA! USA

"So I put my hands up, they're playin' my song, I know I'm gonna be okay, yeeahh, it's a party in the USA!"
-Miley Cyrus

Pajama Day

Feeties galore! Pajama Day was conveniently planned to be on a rainy Monday, which worked out perfectly for the sleepyheads of QHS!





Color Wars

Pretty in Pink! Girls of the Senio Class showed off their class pride in matching Superman pinnies.

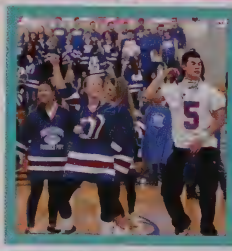
Love PINK

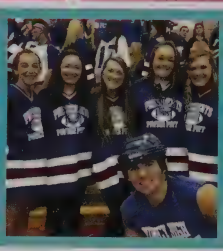
The entire Senior Class enjoyed dressing up for their last Spirit Week. Football jerseys, stars and stripes, feety pajamas, and a sea of pink! Spirit Week 2014 was a success!

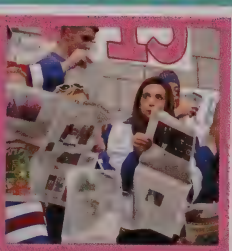
RALLY

Before the Rally

Here the seniors get pumped for their last rally and get ready to beat the Raiders in the epic Turkey Day Game.







During the Rally

The seniors have worked hard to mak the rally unforgettable. Overall our clas is the best and always has a great tim showing our Quincy pride!

#GoPresidents

The seniors commemorate their last rally by taking photos with their friends.

Seniors **Armani Cardoso**, **Reda Laftih** and **Kenny Garcia** celebrate their 33-6 victory by dumping water on **Coach Reardon**

For the third year in a row, QHS defeated North at the Thanksgiving game, a final score of 33-6. **James Lam** went 9-11 through the air for 177 yards with two touchdown passes to **J.T Bain** and another to **Armani Cardoso**. **Lam** broke the all-time record for TD passes by a Quincy quaterback with his second scoring strike to **Bain** early in the fourth quarter. **Lam** threw 35 TD passes in his career and broke the old record held by **Chris Noble**. **Jahvae Handsom- Fields**, the games leading rusher rushed for a little over ten yards a carry and finished with 156 yards. Quincys defense had a very strong outing, holding North Quincy to just 6 points and 19 yards rushing..

Despite the cold weather the fans were there to cheer on the boys. The cheerleaders had a great half time performance. The boys worked together to get one last game in before thier final season of Quincy High football came to an end. With everyome there to support the boys and cheerleaders they had a great victory over North.

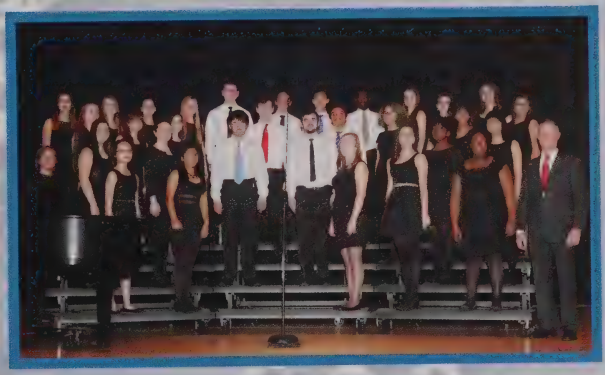
QHS Horizons Choir

Students are accepted through audition into this choral group which rehearses after school. Under the direction of Mr. Carew, the group performs at many concerts, school and community events and ceremonies. Advanced musical concepts and literature are studied. All members are also members of the larger Concert Choir. Students prepare for the MMEA District and All-State Festivals.



QHS Concert Choir

This is the high school choir that meets during the school day as a credit course, under the direction of Mr. Carew - any student is welcomed!

It is a mixed voice, SATB chorus that performs a broad spectrum of music, including masterworks, and folk, musical theatre, popular and classical genres. Students work on basic ear training, sight singing, vocal production and performance skills. Members participate in rehearsals and concerts during and after school, at graduation, and at community events.

"Life consists of two days, one for you, one against you. So when it's for you don't be too proud or reckless, and when it's against you be patient, for both days are a test for you." *-Imam Ali (AS).*

These past years of high school were transitions to kinds of days, as if someone flipped a coin each morning to determine our fate. I always heard that high school would be the best and worst years of my life & how fast it'd go by. I agree so much. Attending Quincy High has been a roller coaster ride with its ups and downs. We met both the good and bad. But if I hadn't felt the chill of the dark days, I wouldn't have felt intensity with warmth of the summer days. It helped me grow to be as strong as the person I am today.

I could not however, have had such an experience without my inspirations, my Mom and Dad. I learned so much from them throughout these four years. Although my mom passed away October of my senior year, she impacted me greatly throughout these years. I have made it my goal to make her proud as well as myself. As hard as it was, I would love to thank those who supported my family through this tough time: my friends, teachers, my dean, counselors, and classmates. You guys became my second family, and I know that I would not have found the same comfort anywhere else. Quincy High gave me friendships that I hope to carry with me even after I graduate. I have made permanent memories that I'll always reminisce.

In order to complete our amazing life journey, we should remember that life isn't perfect; especially not high school, but we sure as hell made it a ride! Year by year we grew and developed wisdom, maturity & many other amazing individual traits that high school taught us. Don't forget class of 2015: keep calm & Carey on to the bigger and better in life! Much love, Ezzie

Larissa Almeida

Time is slowly taking its toll as we begin to get closer and closer to the end of the year. Graduation is upon us seniors and it's never felt more exciting yet frustrating than ever before. The feeling of decision making and deciding what to do with our lives almost doesn't seem like it's real. It still doesn't hit me that I am a senior graduating from Quincy High, soon a freshmen again in college, being at the top of the peak to falling right back down to the bottom. My last four years at Quincy High have been the most beautiful and charitable moments of my life. I've made mistakes, grown from them, and became a better new me. Quincy High has taught me a lot of things like, how short four minutes can be to get to class or how the school lunches don't ever look like the ones from movies, but the most important lesson that Quincy High has taught me was the value of a memory. "Sometimes you will never know the value of a moment, until it becomes a memory." *–Dr. Seuss*

Today I finally get to say that I've made it, I've made my mark at Quincy High. A special thanks to Ms. McGeady, for being there for me, helping me out throughout the process of high school and college. To all my friends that made this High School experience 10 times better, Elaine, Melanie, the twins, Pamela, Rafheda, Esraa, Angelina, Ciara, Julia.

Angelina Avitabile

"Things are changing, we're growing apart. It's not goodbye, but a change in heart. The road we've traveled was just a start, I'm sure we'll meet again."

"Shoot for the moon. Even if you miss you'll land among the stars." *~Les Brown*

When I first came in Quincy High it was my sophomore year and I came right from Albania. I was really lost and it was hard to fit in the beginning. I want to thank all the teachers that made this path easier for me and for teaching me things I've neve heard before but now I know and also all my friends that were there with all the jokes and fun times and made all this experience unforgettable. I also want to thank my parents and my sister Essi who have been there for me every second I needed them, if it wasn't for them I would still be in Albania and I would've never experienced the three years in QHS. There's been a lot of ups and downs but I made it through and now I'll g through a different chapter in my life and I wish luck to everyone and hope to see you a again some day in the future...

Scott Bausemer

Scott Bausemer intends to pursue a career in film and photography after gradua tion and is excited to start a new chapter of his life. He would like to thank members of drama club, Youth in government, and of course, his friends (especially Maeve Rogers who have not only influenced him to be the person he is today, but has made his high school years some of the most memorable.

"I've never felt so afraid to breathe in, cause I know the air won't be the same. it I'm doing it any ways, because I won't etend to spend a lifetime holding my eath" -*Wall, Grandview.*

Brandon Beal

Attending Quincy High School has en the best four years of my life. All the emories and friends I have made here I will ep with me for the rest of my life. I am ry thankful for my dad who has disciplined e through my four years at Quincy High id has made me who I am today. I would ot be where I am today without him. I'm so thankful for all the teachers I have had the past four years at Quincy High I don't ow where he would I'd be if I didn't have em teaching me the right things I need to ow, but I am most thankful to my hockey others who I have spent the past four years ith playing the sport that we all love, the ort of hockey. We all are going to go our parate ways but all the memories we have eated will stick with me for the rest of my e. I think one memory we will all take with s is the day we had the best quote of our es said to us "The Empty Barrel Makes he Most Noise."- *Tim Lewis.*

"High school goes by in the blink of n eye" ... Didn't believe it until now, wow. ligh school was crazy man, happy I expe- enced these past 4 years with the class of 015. I love Quincy, and I love Quincy High. 'd like to give a special shout out to Mr. accheri, Mr. Carey, and also Mr. Sommers. hese people helped me through thick n' in in high school and I wouldn't be the man I am today if it wasn't for them. Also I'd like to thank my teachers, friends, and coaches for what they've done for me over the past 4 years. Most importantly thank you, thank you mom and dad, words can't even describe how much you've done and mean to me. I love you guys. I think the stewchat is what I'm going to remember the most, so many crazy memories I can't even explain. Members include Alex Leo, Bob Sal, Joe(Squid) McCauley, John(Crumpy) Crump, Ciaran(Irish Hammer) McDevitt, and myself. We had the best times at the Mount, Rock, Qs, Forbes, HighPoint, Gonnick, ThePit, Trail, LeftField, Mexico, Texas, SmokeyPit, Eds, SPP, 1808(Bullseye), The Shack, Leo's basement, and also Greg's(GP)house. Quick shout out to T dat Letta. Funniest moments of my life were playing for the Quincy High Presidents and I'd kill to do it again. A lil shout out to my boys across the city at Nq, pokey, ak, Bronske, etc you all know who you are. I hope everyone I met along the way becomes extremely happy and successful. Cheers to class of 2015 greatest class to go through Quincy. See yeah til next time ladies and gents. cWb 617 #44

An Italian poet, Cesare Pavese, once said, "We do not remember days, we remember moments." Throughout my four years at Quincy High School I have been able to experience so many incredible moments and have made numerous life-long friends. Essential to my success in high school are my parents, whose undying love and support have pushed me to always strive for the best. I would also like to thank my teachers for preparing me to handle collegiate level studies and always having so much patience. Some activities I have been a part of that have defined me as a student are Student Council, National Honor Society, Choir,

Friends of Rachel and Museum of Fine Arts Docents. I have loved being a part of these clubs and hope to continue onto similar ones in college. I plan to major in finance at a large university with hopes of one day having a career on Wall Street. I am so happy to have spent these four years with such a great class and I will forever look back on my high school career with fond memories.

Marina Chata

It's amazing how years that go by so fast can be filled with so many everlasting memories. I am blessed to have met so many wonderful people and I wish to thank them for the support, laughter and love they have shared with me over the years. I leave Quincy High School with beautiful expectations for the future and pride for the school that I leave behind. I wish everyone in the Class of 2015 the best of luck with conquering their dreams. Keep Calm & Carey On.

Alex Chamness

I was in volleyball and dance it was a lot of fun and was team captain for both. My favorite memories were automotive and freshmen year Spanish class. I've learned a lot throughout my high school career and I'm sad that it's coming to an end. I've met many amazing people and experienced many wonderful opportunities. I will always love QHS and being a PRESIDENT <3. I'm very grateful and fortunate for all the memories!

Isabella Cobble

"Breathe deeply and appreciate the moment. Living in the moment could be the meaning of life." Congrats to the Class of 2015, we made it! Shout out to SK, thanks for being my other half. Also infinite thank you's to: Mr. Carey for being the best dean ever, the crew crew for being an awesome team and toughing out Alicia's workouts, Ms. Chang and Mr. Miller for helping keep QHS StuCo live, the amazing QHS math department, and some people who have helped me make the past four years kinda tolerable: Maddie D, L-Matty, E-Hatty, N-Dub, Annie Waterman, Gina Kelley, and everyone else who I've shared great experiences with over the past few years. There's more that I'm forgetting, but honestly there are too many people to name who have made an impact on my life. I'm so appreciative of all these cool people I've had the privilege to meet and I hope we can keep in touch. My words of advice: don't worry, be happy. Don't sweat the small stuff. Best of luck to everyone in the future!

Adam Cook

Well class of 2015 it's been a blast. I'm going to miss every one of you. I want to thank my friends, family, and teachers. My friends made my time in high school fly because of all the fun we had together. Nobody's going to forget the good times we had together. Well it's been great guys Madam Mook out. #DBH #Q's #MookyFootball

Chris Coughlan

It's amazing how quickly time flies by a High School student. It feels like yesterd I was a freshmen walking into a fabulous h high school with five times more students than middle school. It felt quite daunting. What's even more unbelievable is tha in a few months, I will be finishing up hig school and going on to college.

One of the best things for me was ge ting involved in sports at Quincy High. I played soccer for four years here, making varsity team and we qualified for the MIA Tournament two out of those four years. The friendship and memories created have been some of the best moments that I ha throughout my high school career. Gettin involved in SKILLS USA has helped me choose the right career path for me which is Information Technology. I would like t thank all the teachers that helped inspire m to push on through anything no matter ho hard it is. The lessons you've taught me, I will keep and cherish for the rest of my lif I also want to thank my Mom and Dad fo supporting me, attending my games, driving me to school every day, and the millio and one things that you do for me. Makin friends here has been easy as everyone respects each other and more so, we all ha tremendous respect for Quincy High Scho Enjoy every minute of your high school years, as they are over in the blink of an ey

Thanks to QHS, I have learned to tackle llenges, accept failure, and enjoy the ride; e certainly enjoyed the ride of high school. iting a college essay on the motto "think, rk, share," really demonstrated to me what IS stands for. It stands for excellence of ught, togetherness and cooperation, and ring what we learn to better the world. ch and every student in this Class of 2015 s the means to change the world, and I ect nothing but outstanding achievements m the students I toss my cap with. I am so nkful for my parents, Mr. Columb, Jesus, d my wonderful friends who have made gh school worthwhile. Congratulations, ss of 2015!

Determined, caring, aspiring, and resourceful. These are but a few noble qualities our class has reflected here at Quincy High School. As we all move on, there is no doubt in my mind that you all will succeed in your endeavors. Walt Disney once said, "All our dreams can come true, if we have the courage to pursue them." I don't know what my future may bring after I complete my education but what I have known to be true for the longest time is that public service and government is an interest of mine. With hard work, commitment, and perseverance I believe that a chance to serve an elected lawmaker is attainable someday. My wish is to make a difference for the greater good of Quincy and the Commonwealth of Massachusetts by demonstrating the workings of a good leader. I would like to mention a couple of people who have always aspired me to be the best I can always be. Ms. Dubois, Mr. McNeice, Ms. Forrester, and Mr. Noé. One person in particular though who I miss deeply is Ms. McMillen. She has seen me grow in so many ways and has inspired me as well others to be and create the change we want to see in the world through service.

"To thine own self be true." – *Polonius.*

I entered high school being one of the shyest people, but going through four years, I became very open and talkative. I was no longer the shy kid who sat in the back and barely participated, now I am the person who talks loudly in class and even jokes around with teachers. Because of Quincy High School, I was able to be a Youth Service Volunteer in Quincy Asian Resources Inc. (QARI) By my senior year it was my third year volunteering and I became a Youth Representative and I could not have asked for a better volunteer group to be a part of. Going through high school was certainly a struggle, but having my family and friends there for me made it a lot easier. I want to thank my parents, Binh and Ly, for always taking care of me and being there for me, thank my brothers, Andy and Allen, for always making things crazy and chaotic, thank my cousins, Alex, Allyson, Scott, Victor, and Julie for always making things an adventure, my best friends Jeanne and Jonique for making wild memories together, and to thank my childhood friend since Pre-school and who was probably the first friend I made, Christine Tam, for sticking by me for about 14 years and never leaving my side. I am grateful for everything I have and even though the work in high school was rough, the experiences I had made it memorable.

Alexandra He

This is Alexandra He, that's right not a lot of people know her because she has hidden her identity throughout her high school year. Therefore she didn't make it to the superlatives elections for the yearbook. She has been in Quincy High School for 3 years, but this is her last. Models don't wear glasses on the runway, everything was fuzzy for her (except the flash of the cameras). The annual Fashion Show @ QHS is a different experience, Alexandra as a QHS one year designer also had an awesome time being a QHS Model for three years.

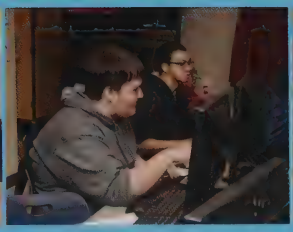
Freshman year when everybody told me that high school would be over in the blink of an eye, they seriously weren't kidding. These four years have flown by and I don't know how I feel about it. Even though Senior year has been incredibly stressful and I've been noted to say, "How many days 'til Graduation?", I'm sad to leave. I've made so many incredible friends that have broken me out of my quiet shell and shaped me into a better person. Cheerleading has been an enormous part of my high school career. The QHS Varsity cheer team has been through many ups and downs, but we've stayed strong through whatever obstacles were thrown at us. I couldn't ask for a better group of girls I was so honored to be one out of the four



ɔtains of that team this year. I loved the portunity of being a leader of the group ıt I've put so much of my blood, sweat & ıts into. (Finish strong.. Sloppy Joes! -P.B.) ıoir has also helped me grow and build my nfidence. I don't hold back my thoughts ymore, I'm excited to share my voice and elings. Big shoutout to Mr. Carew, the best oir teacher even though we've had our ferences in the past. Sorry to Mr. Carey r making him have to suspend me for a y Junior year for not giving my phone to r. Howard. 143 Benson. 143 Shatz. 143 Mood. 143 Potle. Hody loves Anime. One t shoutout to the 3 other lovely QHS Var- y Cheer captains: Rach, Val & Alex, much ve for you ladies xo. Peace out homies I'm tie.

It is nice to know that high school is nost over. It will be a time of rejoicing ıen we graduate yet it will also be a time reminisce about the four years spent at uincy High School. Before I graduate ıile I'm writing this senior bio at 12:26 ven though it was due earlier) I would like thank all my teachers, those I have had ıd didn't have. Thank you for encouraging e and helping me throughout my stud- s. I would also like to thank my family for ıcouraging me and making sure that I would ake up at night or early in the morning to ıish up homework. Lastly I would like to y thank you to my friends who would go ıt to dinner with me to celebrate the failing st grades I would have multiple times a ar. I'm human, I make mistakes, what can say beside that there will be more instances here I fail at something. High school was a reat experience even with piles of home- ork. But soon it will be time to go to college ıd do what Ms. Frizzle would say, "It's time ɔ take chances, make mistakes, get messy!"

Here's a quality quote and thanks to all the people that supported me throughout Quincy High School like my friends, teach- ers, coaches, and Shabba Ranks. High school gave me some great memories that I will remember forever and I met some good dudes along the way too. And just remember to keep trapping, grubbing hard, and doing you. #RipTonySal

Congratulations to the class 2015. We have finally made it. We have definitely been through a lot these past four years. I want to give a shout out to Isabella, the Point Webster crew and all of my friends throughout high school for making it much more bearable. "I've never thought my four years at Quincy High would leave so many memo- rable memories." Throughout the fours years I've laughed, cried, screamed, but I wouldn't have it any other way. I'd like to thank my teachers for never giving up on me. I'd also like to thank my family, without them I'd be nothing, my friends for being there when I needed them. When I leave Quincy High and go out in the world these memories I'll never forget.

"It will never get easier, but it will always be worth it" -*We Came As Romans*. Looking back on the four years I've spent in Quincy High School, I was able to find my true intentions for the rest of my life. First of all I want to thank God, for this beautiful gift of life and second chances he gives me. No matter how hard it was sometimes, during my high school adventures, I was blessed with a wonderful, strong and supportive mom and dad. I could not have been such a well-grounded young woman without you two, and I love you both so very much. Also, I want to thank the most amazing group of friends that I have, and you know who you all are. I may have some hard times with each of you but I know, no matter what, we will have each other's back and hopefully that is something that will last throughout the rest of our lives. Next I want to give a very special thank you to the Quincy High drama club. I have had so much fun being part of the performances, and I am happy to say that I have met some really wonderful people through the drama club and it has taught me the importance of working with other people to create something amazing. I will never forget my journey here in high school, it was not easy but of course I can say that it was worth the hard-working fight to get to where I am today.

I'd like to thank all the friends that I've met and all the experiences I've had throughout my high school years because from that, I was able to grow as a person and become the person I am today. Thank you for challenging me, thank you for staying with me and thank you for making me have memories that will last a lifetime.

High school was a time in my life that brought me the most change. It exposed me to my passions, fears, and most of all my needs. Throughout this time I have learned about myself as a person and it has brought me the confidence to go out into the world on my own. I know now of my strengths and weaknesses. I would like to put a list of teachers down who helped me the most in my time here but I'd run out of space or , regrettably, leave someone out. Thank you to all of you who were with me through the good times and most especially those who helped me pick myself up in the bad times (you know who you are). I look forward to my life post high school and I will continue to carry the knowledge I've gained with me for years to come.

We made it, these words resonant in m mind bringing up past memories of previou graduations of elementary school and midd school. I can't believe how fast these years f by, I made wonderful memories and friends that I'll hold dear to. Looking back, I can't believe how much I changed; 4 years really change you. I would like to thank my family for putting up with me. Thank you for the love and support. I would also like to thank my friends, from childhood to the ones I made here, thanks for the eventful memorie and making high school the best four years. Finally, I would like to thank my teachers; y helped me so much to get ready for college and life. A quote that will bring a smile to my friends and I, "Get your monies worth." The inside jokes and secret code we have fo things, hopefully we will remember them. The laughs and memories of high school w forever remain in this yearbook as we make new ones in our new chapter. I would like t wish the best of luck to all (even if I haven' met you) on your next chapter, may it be th military, college, or taking a break. Good luc on your endeavors.

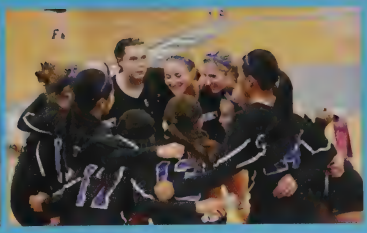
It's senior year, wow I have come this f from freshmen to Senior now. Quincy High School has the best and helpful teachers. I was involved in Cross Country when I was in freshmen and sophomore year and I met new friends at first day of practice. One of the best Quincy High memories is every yea before Thanksgiving weekend starts there



s a rally, everyone was happy, shouting, and eaming of the entire fun thing everyone v. I would like to give a shout out to all e teachers and counselors I had, because u helped me with everything in school. stly, to all my friends, you are all awesome. ow it's time to say goodbye to Quincy High nool, I will never forget all the best things did and hopefully I will visit again.

Congratulations Class of 2015, we made I would just like to say thank you to all of ne people that got me to where I am today. hanks Mom and Dad for always being there or me no matter what happened. Thanks Jo o for always being there for me even though ou can be a pain sometimes. Mr. Carey, ou're the best. Thank you to Mr. Holmes nd Mrs. McMillen for always helping me long the way. At times, it may have seemed ke this journey would never end but it could ot have gone by any quicker. These past our years of our lives absolutely flew by and seems like our time at QHS went by too fast. I am glad to say that I was able to be a part of the greatest class this school has ever seen. Good luck to all of my classmates and I hope everyone has a great time in whatever you choose to do.

I mean yeah high school was pretty cool, but its just life. Life's cool. " Life's what you make it so lets make it rock." After four years I thought I'd find myself and discover who I am, but in reality I'm the same strange person I was freshman year, I just look different. Friends come and go but "true friends are here til the end, they pull me aside when something ain't right, talk with me now and into the night 'til it's alright again." The first time I got in trouble with the teachers I remembered that "everybody makes mistakes and everybody has those days." I can't believe how fast senior year came. I thought high school would drag on, "but really great things happen in a blink of an eye." Graduation is going to come in like a "Wrecking Ball." QHS was cool, shoutout to all my thotties. 143 pce.

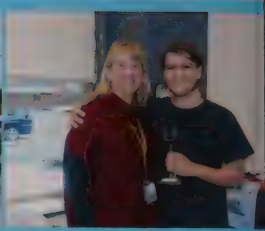
Responsibility, time, and effort. It's a lot to deal with, I know. When it comes down to stressing and worrying, it's all worth it at the end of the year. The feeling you get when you're getting closer and closer to graduation is the best. It's like a bunch of butterflies in your stomach. I feel like I was just a freshman in high school the other day. Now I am making decisions that will change my life. These four years have changed my life for the better. When I started high school I came in with the idea of being a pediatric nurse but it all changed. At the end of sophomore year I thought about taking early education. I started taking that class as my major junior



year, and that's when I knew what I was going to do for sure which was be a kindergarten teacher. I can finally say I made it. I'm so thankful for Ms. Ajemian who really welcomed me when I switched into her class and pushed me through to pass. I'm also thankful for my aunt Sandra and my grandmother Milagros for being there for me and helping me succeed. I came to Quincy High knowing two close friends Bianca and Esraa and now im graduating with more, the twins, Laryssa, Pamela, Melanie, Rafheda. You guys have been there for me through everything. It's your turn now. Make a desicion that will change you for the better. "You're on your own, and you know what you know, and you are the one who'll decide where to go." -*Dr. Seuss*

"As we grow up we learn that the one person that wasn't supposed to ever let you down probably will. You will have your heart broken probably more than once and it's harder every time. You'll break hearts too, so remember how it felt when yours was broken. You'll fight with your best friend. You'll blame a new love for things an old one did. You'll cry because time is passing too fast, and you'll lose someone you love. So take too many pictures, laugh too much, and love like you've never been hurt because every sixty seconds you spend upset is a minute of happiness you'll never get back." - *Andy Biersack* . Attending Quincy High has been an unforgettable four year experience. The memories of attending QHS will always remain with me, along with my best friends. There are many people that I'd like to thank but mainly it's thanks to my parents, my family, and friends. I would like to thank Mrs. Pantano for not only teaching me but being one of the teachers I can go to and talk to when things got hard for me. She always knew exactly what to say and exactly how to help. I've learned in Quincy High not everybody is going to like you and that's life. You can't change people's opinions of you but you ca change how you think of yourself. I met amazing people in Quincy High. I'm happy that I came to this school because if I didn' come to this school I wouldn't have ever m my best friend. Even though she doesn't go to this school anymore, she supported me t most along with my mom.

I came into Quincy High as a naive fresh- an who thought I had to have my whole life efore me planned out. As my high school areer rolled on I was too preoccupied with uch set goals that I didn't even realize how uickly senior year snuck up. Although I look ack and wish that my time could've gone uch slower for me, I do realize that I spent ost of it doing things that I enjoy. I'd like to hank everyone in band for making these years ery memorable. I truly felt as if you all were ny second family. I would also like to thank ny parents for always being there for me.

I look back at my freshman year self and hink how silly I was for worrying about the uture. Although I still don't have every detail f my future set in stone at this very moment, know that this is only the beginning and that have yet to experience a roller coaster ride of dventures life has in store for me.

In high school I have created so many moments that I know, even if I tried, I couldn't forget. So many people have touched my heart and made my experience unforgettable and I am more than blessed. Quick shout out to the QHS drama club who taught me more about myself than I ever thought possible also thanks for being the weirdest/ best people I know. Special thanks to Tim Carew who taught me far more than just notes and harmony. Also to Mr. Carey for being the best dean in the world and dealing with me "forgetting" to go to study. 2015 forever.

This is it guys, class of 2015, we made it! The last four years for me were a roller-coaster and I bet for many others as well, it was not easy but we sure made it. I entered Quincy High scared and nervous, not knowing what high school can bring to the table for me. Now look, senior in high school taking the program of Early Education I found what I would like to do in life. Thanks to this school I can say I found my goal in life and also can say I found my friends for life. I can truly say my best friends Laryssa, Melanie, Elaine, Pamela, Esraa, Ginelys, Gabriella, and Rafheda are the ones I leave high school with. What a journey we endured as friends and many more to come. I'm proud of each one of you guys, we're growing up and now it's time for college. We were just talking about graduating and now we are, we're now looking back at the past and noticing how much we grew and matured over the years. Now it's our turn to live our adult life.

My four years at Quincy High School have been very memorable, with the friends I made and giving me an idea of what I wanted to do in life.

My friends have been a big part of my life, without them I wouldn't have had the best experience in school.

Without the help of Mrs. Martin I would have never known that business would be my career in life! Attending Quincy High has made me grow as a person. "Life is a story make yours the best seller." The story I want to make with my life would be one I can never forget and always look back at and smile because I did the best that I can. Attending Quincy High has made me want to aim to achieve all of my goals! Being a part of Quincy High has made me think big about my life. Even though I don't know a lot of people I will never forget about them because we are the class of 2015! I wish everyone the best of luck and success.

High school is where I made memories with people I could never forget. Mrs. Martin, thank you for giving me a class to look forward to every day. I've never bonded so well with a teacher. I'm so glad it was you. To my parents, thank you for all the sacrifices you've made to give me a more promising life than what you were given. I never realized it before, but I do now and I can never thank you enough for that. To Aaron, my best friend since preschool, I don't know what I would've done if I didn't have you by my side. Kudos to us for traveling through all types of weather just to go eat. Grumpy Whites in -0 degrees, Chipotle/Yocha in a heavy rainstorm, Fairy Cafe when I was sick with a cold. Basically, we're fat. Lastly, thank you to all my friends and classmates for making me smile every day. I wouldn't have wanted to be part of any other class than QHS 2015. Good luck to all of you.

Being part of Quincy High School for three years has literally changed my life. Transition from Dorchester to Quincy was hard to adapt to but the staff and students were really nice to me. I started high school with my mind set in being a nurse, letting go of my fashion dreams because my mom said it wouldn't work, until I really experienced fashion and nursing. This is the only school I know with a fashion program which changed my life decision forever. I want to thank the only few friends I had in this school especially Taliyah, who really made me feel at home, Ms. Walsh, for teaching me everythi I know and being a second mother to all of us, and Mr. Carey, who has my back for everything. I want to thank my family and Richard for supporting me every step of th way. You guys really rock my world.

"If opportunity doesn't knock, build a door." -*Milton Berle.* Even though I never really got close with the majority of the 201 class, I know each one of your faces and w remember even if we weren't close, we wer lucky enough to share the same life changin moment together. I know what you all are capable of, so no matter what happens in th future, I wish and hope you guys nothing b the best. And of course, MAKE HISTORY

Ayy shoutouts to the choir, the band, t yearbook staff, and my parents.

After graduation I plan to go to college for psychology/library science and/or musi But the future isn't set in stone, so I'm willi to explore. Throughout these four years I have learned Friendship, Unity, Character, Kindness, Youth, Optimism, and Understanding. Thanks everyone.

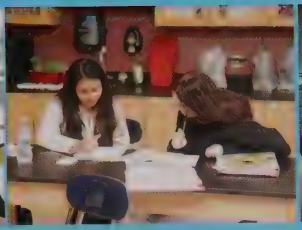
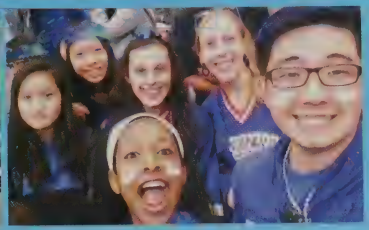
John Traynor

During my time at QHS, I participated in many activities. I was one of the founding members of the History Bowl and Bee team during my freshman year. Every year in April I represented Quincy High on the National level during the Washington D.C. tournament. I have also played clarinet in th Band for all four years of High School. I've performed at parades, rallies, football games and concerts. Just recently in my senior year I have joined National Honor Society and Harvard Model Congress.





My favorite subject is American History and I enjoy watching and playing sports. Most people know me by my nickname, Jake.

High School Musical was one of the best parts of childhood and it's weird to think that none of us are kids anymore. That movie led me to so many expectations that both proved true and false. Even though there has yet to be a break out dance in the cafeteria about sticking to the status quo, one thing that they got right was how much fun high school can really be. It's crazy to think that four years are over and we're either moving onto college or to bigger and better things in general, but it's finally here. Troy and Chad would have said go wildcats, but even better, go Presidents. Good luck to Class of 2015, thanks for a great four years. #nodyforclasscouple

Hody K. Wong

These past four years at Quincy High have been very interesting. To be honest, senior year is wicked overrated. Everyone says that senior year is the best year but to be honest it is the most stressful and also I have received more homework than ever before. Even though this year has wicked stressful, I could not imagine spending my past four years anywhere else. Thanks to all my awesome friends, and the thanks to the teachers that have dealt with me. Shoutout to Kevin Carey for being one of those teachers that can change a student's life. Thanks for sticking with us through thick and thin. From the student council to volleyball to friends and faculty from stressing from midterms to procrastinating till the night before. Everything has been cool. I can't wait to see what the future holds for everyone. Good luck to everyone in the class of 2015. I can genuinely say that overall high school has been a blast. #Nodyforclasscouple "Just because something is false, does not negate its existence" I just like this quote LOL.

Henry Yip

"The greatness comes not when things go always good for you. But the greatness comes when you're really tested, when you take some knocks, some disappointments, when sadness comes. Because only if you've been in the deepest valley can you ever know how magnificent it is to be on the highest mountain." –*Richard M. Nixon.* I want to thank everyone who has helped get me where I am today. I have to acknowledge the friends, teachers, and supporters who have helped me along the way. They have kept me sincere and humble. But I also have to thank the opponents: the guys across the net, the enemies, the doubters, the haters. I have to thank them for motivating me to push myself and keep working. They have kept me driven and committed towards pushing my limits. Taking the next step always requires challenge and difficulty. Everyone takes hits; everyone has downfalls. We all know what it's like to be at the bottom, although some more than others. In order to be great, one has to keep getting back up and keep fighting. Quincy High has not necessarily taught me how to win, but it has taught me how to pick my head up and how to keep looking forward. (A special thanks to Coach Niosi, who's always telling me to pick my head up during games, even when I'm just trying to keep my serious game face on.) To complete the stereotype, Confucius once said, "Our greatest glory is not in never falling, but in rising every time we fall." Thank you Class of 2015.

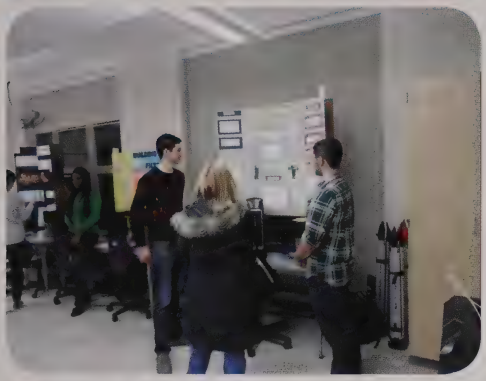
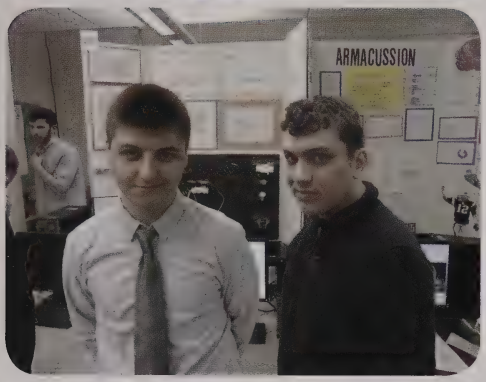
QUINCY HIGH SCHOOL
Science & Technology Fair





This event featured projects from grades 9-12 and spanned fields of biology, chemistry, environmental science, physics, and engineering as students work individually or as a team to investigate topics such as heart rates, solar cells, robotics, and innovative ways to protect the environment. Project scores were tallied and weighted based on scientific approach, creativity, understanding, and presentation.

The in depth projects help Quincy High School students build career and life skills for success in 21st century careers, such as critical and creative thinking, communication, teamwork, and ethical decision-making. Students work one-on-one with teachers and professionals year round to follow their natural curiosity and explore "real world" science and engineering problems.

Top: Seniors **Matt Mroz** and **Stiven Kodra** present their engineering project to QHS history teacher **Mrs. McMillen**.
Middle: Seniors **James Nolan** and **Andrew Spada** pose proudly in front of their poster, displaying their project on how to reduce the damages of freezing and bursting pipes.

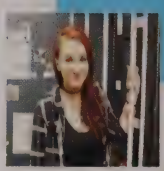
Spring Musical
"Once Upon a Mattress"

Lydia Culp as Lady Larken was just embarassed by *Rachel Zisk* as Winnifred when Larken found out that she had met Winnifred.

Austin Kimmel as Prince Dauntless pondering what his father King Sextimus was trying to tell him.

Maura McDonald as Queen Aggravine yelling at *Raymond McCarthy* as the Wizard during her solo song Sensitivity.



This year QHS Drama Club put up the show "Once Upon a Mattress" on March 27th, 28th, & 29th. Once Upon a Mattress is set back in the early mideval times in a town that had a curse on it. The curse was that nobody in the town could get married until Prince Dauntless got married and the mouse devoured the hawk. The show was a success and the production had made lots of money for the QHS Drama Club. The show then participated in beyond the bell and had a free full production on May 30th.

PROM

THE BEST NIGHT OF YOUR LIFE

To the left: **Courtnee Brown, Miranda Cudmore, Rachel Roach and Alessa Davis take a break from the dance floor**

To the right: **Colleen Madden: "MK your dress is so interesting"**
MK: "Its more of a wizard's robe. I'm really into wizards"
Colleen: "Oh right. Like "Harry Potter"'
MK: "Who?"

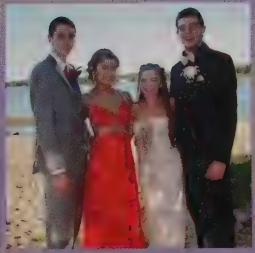
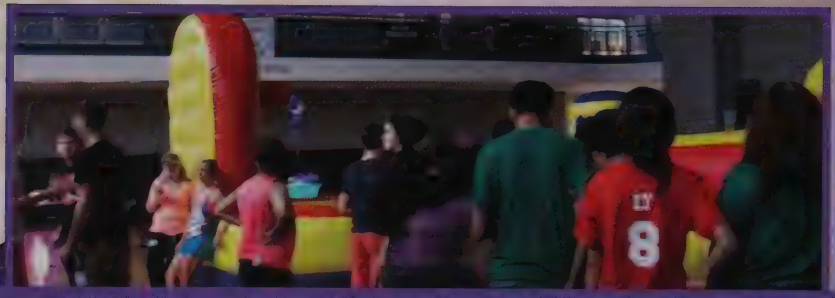
Seniors **Danny O'Hara, Meghan Caggiano, Colleen Madden, Mary Kate Lynch, Steven Marstjepovic, Kelly Donahue, Becca Mahan** and **Marina Chafa** rep class of 2015 with pool noodles

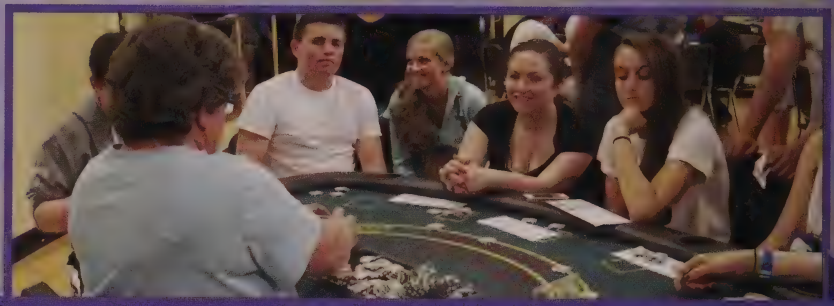
"Getting you a date to prom is so hard that the hypothetical idea itself is actually used to cut diamonds. Steven, getting you a date to prom is so hard that the American government believes that the problem cannot be solved with diplomacy, but will instead require force. So we got you two"





Inside of the gymnasium, there were large inflatable attractions such as an obstacle course were set up to compete against friends. Many fierce competitions happened throughout the night!

Many video games were set up to play such as Dance Dance Revolution. There was even a game to play that involved using a steering wheel to drive mini race cars around a track!



Using fake money, students could gamble away at a set up casino area to play games such as roulette. Prizes were awared to the students that had the most fake money earned!

SENIOR NIGHT OUT

Senior Night Out took place in Quincy High after prom on the morning of May 30th. Starting at midnight, we partied with our friends until 5 am. There were many games to be played and prizes such as dorm room fridges, flat screen TVs, and iPads were given away through raffles. Although we were all tired by the end of the party, it was an unforgettable way to end senior year!

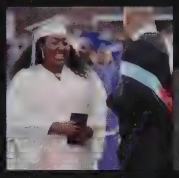
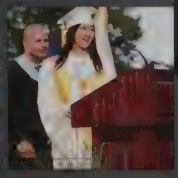
CLASS OF
2015





Graduation was originally going to be held on Tuesday, June 9th, however, due to rain, it was pushed back to the following day on Wednesday, June 10th. A little rain did not stop anyone as the graduation ceremony was still held on a gorgeous sunny day outdoors at Veteran's Stadium. Hundreds of students of the Class of 2015 received their diplomas in front of a large crowd of proud parents, guardians, and friends. At the end of the ceremony, all of the students threw their caps in the air to signify that the end of their high school career is only the start of a new chapter in their lives moving forward.

XXXOOO

We are so proud of you and all that you have accomplished.

Nicole,

We are so proud of the young lady you have become.

May the stars continue to shine for you!

All our Love,
Mom, Dad, Austin, and Lindsay

Andrew,

We are so very proud of all that you have accomplished. Since the day you were born, I knew how special you were. You have overcome many obstacles and have excelled at everything you have done. Just keep doing what you are doing-- you always make us proud. We love you and wish you the best in your future endeavors.

Love,
Mom, Bubba and Abby

FAREWELL

Class of 2015, it's been real. Good luck with college, the military, and going into the work force. We've worked hard these past four years and it's time to move onto bigger and better things. Bye, Quincy High School. See you soon.
